We have reviewed the Board's statement regarding the specific redemption terms dated 22-04-2015.

### **Board's responsibility for proposal**

The Board has the responsibility to admit the statement regarding the specific redemption terms pursuant to the Swedish Companies Act. The Board also has the responsibility to ensure that the internal control is as efficient as the Board deems necessary in order to develop the statement without material misstatements, whether due to fraud or error.

### **Auditor's responsibility**

Our task is to express an opinion on the specific redemption terms on the basis of our review. We have conducted our audit in accordance with FAR RevR 9 auditor's statements under the Swedish Companies Act and the Companies Ordinance. This recommendation requires that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance that the Board's statement does not contain significant errors.

The audit involves a variety of measures to obtain evidence about the financial and other information in the Board´s statement. The auditor selects the measures to be performed, by assessing the risks of material misstatement in the statement, whether due to fraud or error. During this risk assessments, the auditor considers internal control that is relevant to how the Board prepares the statement in order to formulate audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control. The audit also includes an evaluation of the appropriateness of the valuation method used and the reasonableness of the Board assumptions. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Opinion**

We consider that the measures taken, the redemption of shares and the subsequent bonus issue, which entail that neither the company's restricted shareholders' equity nor its share capital are reduced are appropriate and that the assessments performed concerning the effects of such measures are correct.

### **Other information**

The only purpose of this statement is to fulfil the requirements of Chapter 20, Section 14 of the Swedish Companies Act and may not be used for any other purpose.
