Resolution on the remuneration report (item 14)

The Board of Directors' remuneration report for 2022 provides an outline of how the guidelines for compensation to senior executives (the "**Guidelines**") have been implemented in 2022. The Report also provides information on the remuneration of the Company's Managing Director. The Report has been prepared in accordance with Chapter 8, Sections 53 a and 53 b of the Swedish Companies Act and the remuneration rules issued by the Swedish Stock Market Self-Regulation Committee.

There have been no deviations from the procedure for the implementation of the Guidelines and no derogations from the application of the Guidelines in 2022.

The Remuneration Report for 2022 will be published on the Company's website (www.tethysoil.com) not later than 19 April 2023.

The Board of Directors proposes that the Meeting approves the remuneration report.

Resolution in respect of adoption of an instruction for the Nomination Committee (item 15)

The Nomination Committee proposes that the Meeting resolves that the instructions for the Company's Nomination Committee which were originally adopted at the Annual General Meeting of 2021 and adopted again at the Annual General Meeting 2022 shall continue to be applied until further notice. The instructions for the Company's Nomination Committee adopted at the Annual General Meeting of 2021 can be found on the Company's website (www.tethysoil.com).

Resolutions on the issue of warrants and approval of transfers of warrants (item 16)

The Board of Directors proposes that the Meeting resolves on an issue of warrants and on the approval of transfers of warrants in accordance with the below.

The Board of Directors proposes that the Company shall issue a maximum of 250,000 warrants. The right to subscribe for warrants shall, with deviation from the shareholders' preferential rights, belong to Tethys Oil Invest AB, reg. no 556658-1442 (the "**Subsidiary**"), a wholly-owned subsidiary of the Company, with a right and obligation for the Subsidiary to transfer the warrants to senior executives in the group.

The warrants shall be issued to the Subsidiary without compensation and subscription for the warrants by the Subsidiary shall take place on a separate subscription list not later than 30 May 2023. The Board of Directors is entitled to prolong the subscription period.

Employees in the group shall be entitled to acquire warrants from the Subsidiary. The following two categories shall be entitled to acquire warrants from the Subsidiary (the highest number of warrants any category can be allotted is stated in parentheses): the Managing Director of the group (70,000) and senior executives (60,000). Application to acquire warrants shall be made not later than on 2 June 2023. The Board of Directors is entitled to prolong the application period.

Each person entitled to acquire warrants may apply to acquire warrants in lots corresponding to either the maximum amount of warrants offered or reduced by lots of 5,000 warrants. The allocation is not guaranteed and is conditional upon that it is possible to legally acquire the warrants and that this according to the assessment of the board directors can be done with reasonable administrative and financial costs. The allocation of warrants is further subject to that the senior executive, at the time of allocation, not having given or been given notice of termination from his or her employment in the group. The Board of Directors shall resolve on and implement the allocation in accordance with the above. If not all warrants are acquired, any remaining warrants shall be retained in the Subsidiary. The Board of Directors shall be entitled to resolve on the transfer of such warrants to any new additional senior executives.

The warrants shall be transferred free of charge to the participants and the group shall account for any income tax for the participants to the extent such tax is attributable to the programme. Compensation to the participants for their income tax, if any, shall be equal to the income tax they have to pay on an income corresponding to obtained warrants' calculated market value plus the income tax they have to pay for the subsidy to obtain such tax compensation.

Each warrant entitles the holder to subscribe for one new share in the Company during the period from and including 3 June 2026 up to and including 28 September 2026. Under the terms and conditions of the warrants, the period during which the warrants may be exercised may be extended if participants are prevented from exercising their rights to subscribe for shares based on the warrants due to applicable laws on insider trading or equivalent.

The subscription price shall be equal to an amount corresponding to 122.5 per cent of the volume-weighted average of the quoted price paid for the Company's share on Nasdaq Stockholm during the period from and including 25 April 2023 up to and including 9 May 2023, reduced by any dividends or other value transfers resolved upon by the Annual General Meeting 2023. The increase of the Company's share capital will, upon exercise of the warrants, amount to not more than SEK 45,761.366646, calculated on the basis of the quota value of the shares issued by the Company as of the date of this notice.

The reasons for deviating from the shareholders' preferential rights is to ensure that the group can retain and recruit qualified and committed senior executives on a global market for oil companies by offering such persons to participate in a long-term incentive programme, as well as creating attractive leverage and reward risk-taking.

The Board of Directors proposes that the Meeting authorises the Board of Directors of the Company to implement the issue resolution and to ensure that the Board of Directors of the Subsidiary implements the transfers of warrants. It is further proposed to authorise the Board of Directors to make such minor adjustments in the Meeting's resolutions as may be required in connection with the registration with the Swedish Companies Registration Office and the affiliation of the warrants with Euroclear.

Resolution in respect of an authorisation for the Board of Directors to resolve on repurchases of own shares (item 17)

The Board of Directors proposes that the Meeting authorises the Board of Directors to, on one or several occasions before the Annual General Meeting 2024, resolve on repurchase of own shares on principally the following terms and conditions:

1. Purchases may be effected on Nasdaq Stockholm.
2. Purchases may be made by a maximum of so many shares that the Company's holding of own shares after the purchase amounts to a maximum of one-tenth of all the shares in the Company.
3. Purchases of shares may only be effected on Nasdaq Stockholm within the registered price interval at any given time.

The main reason for possible purchases is to give the Company flexibility regarding its equity and thereby optimise the capital structure of the Company. Possible purchases may also enable own shares to be used as payment for, or financing of, acquisitions of companies or businesses or in connection with the handling of incentive programmes. The Board of Directors shall have the right to determine other conditions for purchases in accordance with the authorisation.

Resolution in respect of an authorisation for the Board of Directors to resolve on transfers of own shares (item 18)

The Board of Directors proposes that the Meeting authorises the Board of Directors to, on one or several occasions before the Annual General Meeting 2024, resolve on transfer of own shares up to the number of shares which, at any time, are held by the Company.

Transfer of own shares may be carried out to be used as payment for, or financing of, acquisitions of companies or businesses, and/or to external parties in connection with the handling of settlement of the Company's incentive programmes. Transfer of own shares may be effected otherwise than on Nasdaq Stockholm at an estimated market value and may deviate from the shareholders' preferential rights. Payment for transferred shares may be made in cash, in kind or through set-off. Transfer of own shares may also be carried out on Nasdaq Stockholm at a price within the registered price range at any given time i.e. the range between the highest bid price and lowest selling price.

Resolution in respect of an authorisation for the Board of Directors to resolve on issues of new shares and/or convertibles (item 19)

The Board of Directors proposes that the Meeting authorises the Board of Directors to, on one or several occasions before the Annual General Meeting 2024, resolve on issues of new shares and/or convertibles in the Company against payment in cash, in kind or through set-off or subject to other conditions and with the right to deviate from the shareholders' preferential rights.

The purpose of the authorisation and the reason for a possible deviation from the shareholders' preferential rights is to facilitate the raising of capital for acquisitions and the Company's operations. The authorisation shall be limited whereby the Board of Directors may not resolve to issue shares and/or convertibles that involve the issue of or conversion into shares corresponding to more than 10 per cent of the total number of shares in the Company at the time of the issue resolution, corresponding to an issuance of 3,305,660 shares calculated on the basis of the number of shares issued by the Company as of the date of this notice. To the extent issues are made with deviation from the shareholders' preferential rights, such issues shall be made on market terms.

Resolutions on (A) share split, (B) reduction of the share capital with redemption of shares and (C) increase of the share capital by way of a bonus issue (item 20)

The Board of Directors' proposals pursuant to sections (A)–(C) below are conditional upon each other and are therefore to be resolved upon as one resolution.

(A) Share split

The Board of Directors proposes that one share in the Company is split (share split) into two shares (1:2), of which one share is to be named redemption share and redeemed as set out in section (B) below. The record date for the share split is 25 May 2023. Following completion of the share split, the number of shares will be changed from 33,056,608 to 66,113,216 and the quota value of each share will be changed from approximately SEK 0.183045 to approximately SEK 0.091523.

(B) Reduction of the share capital with redemption of shares

The Board of Directors proposes that the share capital of the Company is reduced by SEK 3,025,431.1175 by compulsory redemption of 33,056,608 shares. The shares that are to be redeemed are those that, following the share split pursuant to section (A) above, are named redemption shares. The record date for the redemption of redemption shares is 13 June 2023. The Company intends to promote arrangements for customary trade in the redemption shares.

The purpose of the reduction is repayment to the Company's shareholders and, to the extent that the reduction of the share capital is made by redemption of shares held by the Company, for transfer to the Company's non-restricted equity.

For each redeemed share a redemption price of SEK three (3) will be paid. However, no payment shall be made in respect of redeemed shares held by the Company. The redemption price exceeds the quota value of the share after completion of the share split pursuant to section (A) above with approximately SEK 2.91. The part of the redemption price that exceeds the quota value of the share will be transferred from the non-restricted equity of the Company. Payment of the redemption price will be made not later than ten banking days after the resolutions on the share split pursuant to section (A) above, the reduction of the share capital pursuant to this section (B) and the increase of the share capital by way of a bonus issue pursuant to section (C) below have been registered with the Swedish Companies Registration Office.

Following completion of the reduction, the share capital of the Company will amount to SEK 3,025,431.1175 divided among 33,056,608 shares.

The reduction of the share capital can be effected without obtaining the authorisation of the Swedish Companies Registration Office or a court of general jurisdiction, as the Company, at the same time, carries out a bonus issue pursuant to section (C) below, resulting in no reduction of the restricted equity of the Company or its share capital.

(C) Increase of the share capital by way of a bonus issue

The Board of Directors proposes that the share capital of the Company is increased by way of a bonus issue. The share capital is to be increased by SEK 3,025,431.1175 way of transfer of SEK 3,025,431.1175 from the non-restricted equity of the Company. No new shares are to be issued in connection with the increase of the share capital. Following completion of the bonus issue, the share capital of the Company will amount to SEK 6,050,862.235 and the quota value of each share will be changed from approximately SEK 0.091523 to approximately SEK 0.183045.

Resolution on guidelines for remuneration of senior executives (item 21)

The Board of Directors proposes that the Meeting resolves on the following guidelines for remuneration of the Company's senior executives.

Background

The previous guidelines were approved by the Annual General Meeting 2022. The changes made are primarily linguistic related to the variable remuneration and the performance criteria. The Company has not received any comments on the guidelines from shareholders. These guidelines do not apply to any remuneration resolved upon or approved by the General Meeting and are only applicable to remuneration agreed, and amendments to remuneration already agreed, after the adoption of these guidelines by the Annual General Meeting 2023.

Application of guidelines

These guidelines apply to remuneration to the Group Executive Management and to members of the Board of Directors if remuneration is paid for work performed outside the scope of the ordinary board work (e.g. pursuant to an employment or consultancy agreement). As of the date of these guidelines, the Company's Group Executive Management are the Managing Director, the CFO, the CTO and the Head of Legal. These guidelines constitute a framework within which remuneration to the Group Executive Management may be decided on by the Board of Directors.

General remuneration principles

In short, the group's business strategy is to create shareholder value working across the whole upstream oil and gas industry lifecycle of exploration, appraisal, development and production. A central objective in the group's business model is to explore for and produce oil and gas in an economically, socially, and environmentally responsible way. For more information regarding the group's strategic priorities, please refer to the group's annual reports and the Company's website (www.tethysoil.com).

The Company's remuneration principles are to ensure responsible and sustainable remuneration decisions that support the Company's strategy, long-term interests and sustainable business practices and further enhance the group's market position as well as increase the shareholder value. To this end, salaries and other employment terms shall enable the group to retain and recruit skilled group executives at a reasonable cost. The remuneration shall be on market terms and based on the principles of performance, competitiveness and fairness.

When evaluating whether these guidelines and the limitations set out herein are reasonable, the Board of Directors (including the Remuneration Committee) has considered the total income of all employees of the Company, including the various components of their remuneration as well as the increase and growth rate over time.

In order to comply with mandatory rules or established local practice, remuneration which is subject to rules outside Sweden may be adjusted to comply with such local rules, taking into account, to the extent possible, the overall purpose of these guidelines.

Elements of remuneration

The remuneration covered by these guidelines may consist of fixed salary, variable salary, pension, non-financial benefits and severance pay. In addition hereto, the General Meeting may decide on, inter alia, long-term incentive programmes in which the Group Executive Management can participate.

Principles for fixed salary

The fixed salary shall be in line with market terms, be competitive, and shall take into account the scope and responsibility associated with the position, as well as the skills, experience and performance of each member of the Group Executive Management. On the assumption of payment of full variable salary, pension benefits and other benefits, the fixed salary is expected to amount to no more than 45 per cent of the total remuneration. If there is no variable salary, pension benefits or other benefits, the fixed salary will constitute the entire remuneration.

Principles for variable salary

Variable salary, i.e. cash bonuses, shall be based on a set of predetermined and measurable performance criteria that reflect the key drivers for pursuing the Company's strategy, long-term interests and sustainable business practices. Such performance criteria include (but are not limited to) health, safety & environment (HSE), ESG, reserves & resources and financial return as well as individual performance.

To which extent the criteria for awarding variable salary have been satisfied shall be determined annually in connection with the publication of the year-end report for the respective financial year based on an evaluation of the executive's achievement of the performance indicators as described in the agreed individual performance targets.

Payment of variable salary shall be conditional upon the Group Executive Management member remaining employed for the duration of the qualification period.

Variable salary shall qualify for pension benefits only to the extent it is required pursuant to mandatory provisions of applicable collective bargaining agreements.

The annual variable salary may not amount to more than twelve months' fixed salary and is therefore expected to amount to no more than 50 per cent of the total remuneration.

Principles for pension benefits

Pension benefits shall comprise a defined contribution scheme with premiums calculated on the full fixed salary and be set on an individual basis, however, provided that mandatory provisions of applicable collective bargaining agreements do not require otherwise.

Pension benefits may not amount to more than 30 per cent of the fixed salary and is therefore expected to amount to no more than 25 per cent of total remuneration.

Principles for non-financial benefits

Non-financial benefits shall be based on market terms and shall facilitate the duties of the Group Executive Management. Non-financial benefits may include, inter alia, life insurance, medical insurance etc.

Premiums and other costs relating to non-financial benefits may not amount to more than five per cent of the fixed salary and is therefore expected to amount to no more than five per cent of the total remuneration.

Remuneration during notice period and severance pay

The notice period for termination of the Managing Director shall not exceed twelve months and the notice period for termination of other members of the Group Executive Management shall not exceed nine months.

A mutual termination period of twelve months applies between the Company and the Managing Director and of up to nine months between the Company and other members of the Group Executive Management.

Severance pay to the Managing Director and other members of the Group Executive Management shall not exceed twelve months' gross fixed salary, provided that the employment is terminated by the Company. In the event a member of the Group Executive Management terminates his or her employment, no severance shall be payable.

Notwithstanding the above, in the event of a change of control of the Company, the Managing Director or other members of the Group Executive Management may receive severance pay in excess of twelve months' fixed salary and may receive severance pay even if notice is given by the executive, provided that the sum of salary paid during the notice period and the severance pay may not exceed the equivalent of 24 months' gross fixed salary.

For the purposes of these guidelines, a change of control shall mean any event whereby a single party (or a group of parties acting in concert), directly or indirectly, controls in excess of 51 per cent of the shares or votes in the Company (e.g., due to a public tender offer).

Principles for certain remuneration to members of the Board of Directors

To the extent members of the Board of Directors perform work for the Company outside the scope of the ordinary board work, consultancy fees on market terms may be paid in addition to any board fees resolved upon by the General Meeting. The Nomination Committee is tasked with proposing a framework, if any, for such remuneration, to be approved by the Annual General Meeting.

Long-term incentive programmes

Any remuneration resolved upon by the General Meeting is not covered by these guidelines. Accordingly, these guidelines do not apply to the Company's long-term incentive programmes resolved upon by the General Meeting.

The Company's existing long-term incentive programmes are directed to certain key employees of the group and designed to create conditions for retaining and recruiting competent and committed personnel to the group. More information on the Company's existing and proposed incentive programmes from time to time is available on the Company's website (www.tethysoil.com).

In connection with incentive programmes resolved on by the General Meeting, the Company may make such cash payments to the participants which are compatible with the decisions to implement or settle such incentive programmes (e.g., by making cash payments to participants who, pursuant to the terms of the programmes, are to receive incentive instruments (e.g., warrants) free of charge or be compensated for tax effects). Such payments shall not be considered part of the fixed or variable salary as they are an integral part of the incentive programmes.

Preparation and review of the compliance of these guidelines

The Board of Directors has established a Remuneration Committee to deal with matters of executive compensation and wider group remuneration. These guidelines have been prepared by the Remuneration Committee of the Board of Directors and the Board of Directors. The Remuneration Committee is responsible for preparation of updated proposals in respect of guidelines for executive remuneration. A proposal for amended guidelines is to be prepared by the Remuneration Committee and the Board of Directors when the need for material amendments arises, but at least every four years.

Within the scope and on the basis of these guidelines, the Board of Directors shall, based on the Remuneration Committee's preparation and recommendations, annually decide on the specific revised remuneration terms for each member of the Group Executive Management and make such other decisions in respect of remuneration for member of the Group Executive Management that may be required.

The members of the Remuneration Committee are independent in relation to the Company and the Group Executive Management. The Managing Director and the other members of the Group Executive Management do not participate in the Board of Directors' handling of, or resolutions regarding, remuneration-related matters if they are affected by such matters.

Derogations from these guidelines

The Board of Directors is entitled to adjust the compensation in the case of, for example, extraordinary increases or decreases in the group's earnings. The Board of Directors may also temporarily resolve to derogate from these guidelines, in whole or in part, if in a specific case there is special cause for such derogation and a derogation is necessary to serve the Company's long-term interests, including its sustainability, or to ensure the Company's financial viability.
